

PRESS RELEASE

Naggiar Vineyards & Winery Announces Weddings Now Available at Its Grass Valley Estate

The 60-acre Sierra Foothills vineyard along Historic Route 49 expands its hospitality offerings with vineyard-view ceremonies and flexible wedding packages.

GRASS VALLEY, Calif. (Nevada County) — Naggiar Vineyards & Winery, a family-owned estate in the Sierra Foothills, announced today that it will now host weddings on its Grass Valley property—offering couples a vineyard setting, Tuscan-inspired hospitality, and estate wines for celebrations ranging from intimate micro weddings to larger events.

Set off scenic and historic Route 49, Naggiar has become a destination for wine lovers drawn to its panoramic views and traditional Tuscan-style tasting room. The same property experience—vineyard hillsides, water features, oak-lined vistas, and signature sunsets are now available for weddings.

“Over the years, we’ve celebrated so many milestone moments here—from first visits to anniversaries—and we kept hearing the same thing: ‘This place would be perfect for a wedding,’” said Mary Naggiar. “We’re excited to open our vineyard to couples who want a genuinely welcoming venue with beautiful grounds and great views.”

Wedding experiences at Naggiar include:

- Ceremony and photo locations with true vineyard and estate views
- An experienced on-site team and trusted vendor partners
- Estate wines, beverage and food options designed for guest-friendly experiences

To support couples who want a winery wedding without the “full production headache,” Naggiar is also offering micro wedding packages with transparent starting pricing based on guest count and day of week. Micro wedding pricing begins at only \$5,000.

About Naggiar Vineyards & Winery

Naggiar Vineyards & Winery is a family-owned Grass Valley winery in California’s Sierra Foothills, known for its estate setting, traditional Tuscan-style tasting room, and wines crafted to express the character of its location along Historic Route 49.
